Purpose of Use: 72-12-1 MULTIPLE DOMESTIC HOUSEHOLDS

Point of Diversion

Well No. RG-15754

Location:

NE 1/4 NW 1/4 Sec. 20, T19N, R09E

X: 570,379 feet **Y:** 1,771,757 feet

New Mexico State Plane Coordinate System, Central Zone, NAD 1927

Well No. RG-15754-S

Location:

NE 1/4 NW 1/4 Sec. 20, T19N, R09E

X: 570,437 feet **Y:** 1,771,786 feet

New Mexico State Plane Coordinate System, Central Zone, NAD 1927

Place of Use:

Within the property and households of the users served by the well.

As shown on Well Map 11, Upper Rio Grande Hydrographic Survey, Nambe-Pojoaque-Tesuque Section (1964-2017), Final Judgment and Decree.

Amount of Water (acre-feet per annum, not to exceed):

Not to exceed a diversion and consumption of 0.7 acre feet per year per household within the property and the 3 households served by the well, but the aggregate use of those households served by the well shall not exceed a total of 2.1 acre feet per year, unless a more restrictive diversion limit applies pursuant to court order, covenant or ordinance. Well will be shared among multiple households pursuant to property covenant or agreement addressing water sharing.

Meter Requirement: There shall be a totalizing meter installed before each household's branch of the discharge line from the well, with installation acceptable to the State Engineer. Pumping records at each such meter shall be submitted to the Water Master, in the form and with such frequency as may be established.

Other Conditions: All other conditions of State Engineer Permit No. RG-15754 for the above described well are also incorporated herein.

Place of Use:

Within the property and households of the users served by the well.

As shown on Well Map 5, Upper Rio Grande Hydrographic Survey, Nambe-Pojoaque-Tesuque Section (1964-2017), Final Judgment and Decree.

Amount of Water (acre-feet per annum, not to exceed):

Not to exceed a diversion and consumption of 0.7 acre feet per year per household within the property and the Multiple households served by the well, but the aggregate use of those households served by the well shall not exceed a total of 3 acre feet per year, unless a more restrictive diversion limit applies pursuant to court order, covenant or ordinance. Well will be shared among multiple households pursuant to property covenant or agreement addressing water sharing.

Meter Requirement: There shall be a totalizing meter installed before each household's branch of the discharge line from the well, with installation acceptable to the State Engineer. Pumping records at each such meter shall be submitted to the Water Master, in the form and with such frequency as may be established.

Other Conditions: All other conditions of State Engineer Permit No. RG-16460 for the above described well are also incorporated herein.

A. DOMESTIC

Priority: RG-18448: 2/25/1971

Source: Underground waters of the Rio Grande Underground Water Basin.

Purpose of Use: 72-12-1 MULTIPLE DOMESTIC HOUSEHOLDS

Point of Diversion

Well No. RG-18448

Location:

NE 1/4 NE 1/4 Sec. 10, T19N, R09E

X: 583,937 feet **Y:** 1,781,378 feet

New Mexico State Plane Coordinate System, Central Zone, NAD 1927

Place of Use:

Within the property and households of the users served by the well.

As shown on Well Map 4, Upper Rio Grande Hydrographic Survey, Nambe-Pojoaque-Tesuque Section (1964-2017), Final Judgment and Decree.

Amount of Water (acre-feet per annum, not to exceed):

Not to exceed a diversion and consumption of 1.3 acre feet per year per household within the property and the 2 households served by the well, but the aggregate use of those households served by the well shall not exceed a total of 3 acre feet per year, unless a more restrictive diversion limit applies pursuant to court order, covenant or ordinance. Well will be shared among multiple households pursuant to property covenant or agreement addressing water sharing.

Meter Requirement: There shall be a totalizing meter installed before each household's branch of the discharge line from the well, with installation acceptable to the State Engineer. Pumping records at each such meter shall be submitted to the Water Master, in the form and with such frequency as may be established.

Other Conditions: All other conditions of State Engineer Permit No. RG-18448 for the above described well are also incorporated herein.
