Subject: Gallegos Dam info

John W.,

The Gallegos Dam information is in:
Technical Memorandum No. GG-8311-2, Gallegos Dam Reconnaissance Design Summary,
Technical Service Center, February 16, 1995.

It describes two alternatives
Operational storage 7,735 acre-feet
100 year sediment 1,800 to 3850 acre-feet
Evapoartion 450 feet
Seepage loss 270 acre-feet
Total Active Storage 10,255 acre-feet to 12,305 acre-feet.

Later,
John Leeper
