Re: Navajo Indian Irrigation Project Water Diversion, Navajo Reservoir, New Mexico

Dear Mr. Paul Frye,

Here are the Navajo Dam NIIP water diversion data between 1983 and 2011 collected by the NAPI Control Center. This data was verified against the Bureau of Reclamation data between 1976 and 1982. The Bureau of Reclamation data can be requested at (970) 385-6500, Ryan Christianson, Group Chief, Southern Water Management Group.

Due to delivery meter reading variations, NAPI water usage data is not included herein.
